**Google Classroom - Whole School**

Dear Parent/Carers,

I hope you are all keeping safe and well.

Since Tuesday, 13<sup>th</sup> April, the staff, children and parents in years 2, 3 and 4 have trialled using Google Classroom to support home learning. Google Classroom is a learning platform that allows the children to access work set by the class teacher at home.

In order to access Google Classroom at home your child needs to be able to access their RM Unify account. The attached guide will help you to be able to do that. Your child will need to use their school username and password to log-on (the one that they used to log-on to the laptops). Most children will remember this, but for those who do not there is a copy of the username and password in your child's Computing book which they should have at home. If you cannot find this information please email the school at [info@st-francis.newham.sch.uk](mailto:info@st-francis.newham.sch.uk) to request it. **If you are in years 2, 3 and 4 and have already done this, you do not have to do it again.**

From Monday, 20<sup>th</sup> April and each week, the teachers will post lessons that follow the timetable below:
