

PE Sports Grant Report 2021-2022

"As followers of Jesus and St Francis we pray, that we are instruments of peace, learning to love and be loved, embracing our differences and striving for excellence in all we do. Amen"

Total number of pupils grant is based on: **265**
 Amount of PE Sports Grant Received: **£18,840**
 Funding Rate: £16,000 plus £10 per pupil

Objectives in spending the PE & Sports grant:

The objectives of the grant spend:

- To improve levels of participation in PE and sports for pupils across the whole school.
- To enhance our pupil's well being through participation in a wide range of sporting activities.
- To give a wider group of pupils the opportunity to take part and represent our school at competitive sports.
- To encourage a love of sport and physical activity.
- To enhance and optimise outdoor areas for a more robust EYFS Physical Development curriculum.
- To enhance the skills set of teachers

Enhanced Provision

Objective	Activity	Cost	Impact
To improve levels of participation in PE and sports for pupils across the whole school.	Annual membership of sports alliance	£1,132	Through membership of the sports alliance the school has taken part in a wide range of sporting competitions in hot potato, athletics, handball, football and basketball for pupils in year groups 1 to 6. This also provides a network forum for the PE Leader so that good practice can be shared. It also supports continued professional development of the school's PE and sports provision. School staff work alongside specialist coaches to improve the teaching of PE.
To enhance our pupil's well being through participation in a wide range of sporting activities.	After School Clubs	We do subsidise a small amount for some of the clubs	The school has an extensive After School Club programme offering: quad kids, tennis, football, basketball, bowling, multi-sports, handball, netball, dodgeball, karate, athletics, gymnastics and baking which incorporates healthy eating as well as other class based non sporting activities.
To give a wider group of pupils the opportunity to take part and represent our school at competitive sports.	Lunchtime training and competitions	£1,300	A sports coach runs lunchtime sessions in a variety of sports. To give more pupils an opportunity to participate in representing the school at competitions. All pupils are welcome to try out and training sessions are held for pupils showing ability to represent the school at external competitions. Year 5 and 6 took part in the Sportshall Athletics Competition.

To enhance the skills set of teachers	2 new climbing walls	£28,290 (carried forward from previous year)	<p>Fitness equipment is available in the KS2 playground for free play. This is used by the KS2 children at break time and lunch time. The equipment is popular and well used by KS2 pupils.</p> <p>We have acquired 2 climbing walls one for KS1 and one for KS2 to develop children's climbing skills as well as gross motor skills.</p> <p>Sports Science & Healthy living targets are incorporated into PE lessons to raise awareness of lifestyle choices.</p> <p>Pupil opinion is sought annually through two questionnaires asking which aspects of the PE lessons pupils enjoy. Children are also encouraged to self evaluate and peer evaluate their own and peers' performances at the end of PE sessions. Results are used to inform planning and PE lessons are modified to reflect pupil opinion.</p> <p>The PE Leader / coach tracks the progress of individual pupils in athletics, gymnastics, field games and fitness.</p>
Total spend		£30,722	(11,882 carried forward to next year)
As a whole school initiative we planned a sponsored "walk a mile" in order to collect funds for our chosen charity: NewWay homeless project in Newham. The idea behind it was to get children involved in supporting our community through physical activities and "walk in someone else's shoes".			
Next Steps:			
<p>To continue the programs above as well as:</p> <ul style="list-style-type: none"> • Continue to identify inactive vulnerable pupils and engage them in activity to increase physical wellbeing. • Continue to raise further awareness of healthy lifestyle choices, in order to raise pupils' confidence in making good choices for a healthy eating and active lifestyle through assemblies and PSHE lessons.
